VACCINATIONS: Exhibitors should follow their veterinarians' recommendation to assure their dogs are free of internal and external parasites, any communicable diseases, and have appropriate vaccinations.

What Must A Dog Do to Pass the C.A.T.? The Coursing Ability Test (C.A.T) is a pass / fail. During a Test the dog runs the course once without any other dogs. Because safety is of the utmost importance, the C.A.T. takes into consideration the individual dog pursuing qualification and therefore has multiple course lengths to accommodate the type and size of the entrant. In either case, dogs will chase a lure made of plastic strips or bags.

Dogs Less Than 12" Tall & "Flat Faced" Dogs. Any entrant that is less than 12" tall at the withers and / or brachycephalic will run a 300-yard course with turns no more acute than 90 degrees. For a 300-yard course, a dog must complete the test in less than 1 1/2 minutes. If your dog will be running the 300-yard course, please check the appropriate box on the entry form.

Dogs 12" or Taller. Any entrant that is 12" or taller at the withers and not brachycephalic shall run a 600-yard course (or as close to 600-yards as possible) with turns no more acute than 90 degrees. For a 600-yard course, a dog must complete the test in less than 2 minutes.

Shorter Distance for Veteran Dogs: Veteran dogs may be allowed to run two-thirds of the normal distance at the handler's discretion. For the purpose of CAT tests, veteran dogs are defined as dogs 7 years of age or older. The handler must declare prior to the start of the dog's run which distance the dog will run. This means that a veteran dog which would normally run 300-yard course may run 200-yards and a veteran dog which would normally run the 600-yard course may run 400-yards. Time to complete the course remains the same. Veteran dogs completing the shorter course will continue to earn legs toward the current CAT titles. The premium for the event shall state the distance for each course, including that veteran dogs may run two-thirds of the normal course distance at the owner's discretion. (change to section 9)

If there is a question which course a dog should run, the judge will decide. In order to pass, the dog must complete the course with enthusiasm and without interruption within the maximum amount of time for the course length. The judge keeps the official time and decides the merits of the dog's performance.

C.A.T. Titles: The appropriate titles (from the four titles below) will be awarded to dogs that pass the Coursing Ability Test the required number of times. These are suffix titles that will appear on a dog's pedigree with a higher-level title superseding a lower level title.

- **Coursing Ability (CA)** - Awarded to a dog that passes the Coursing Ability Test three times under at least two different judges.
- **Coursing Ability Advanced (CAA)** - Dog passes the Coursing Ability Test ten times.
- **Coursing Ability Excellent (CAX)** - Dog passes the Coursing Ability Test 25 times.
- **Coursing Ability Excellent 2 (CAX2)** - Dog passes the Coursing Ability Test 50 times. A higher numbered title will be awarded for every additional 25 passes.

General:

- 1 All entries must be one year of age or older on the day of the test or trial.
- 2 Dogs not present by the end of the test will be scratched.
- 3 Each entry will be examined at inspection. Inspection shall take place prior to any form of wrapping being applied to the dog. In the opinion of the inspection committee, any entry found to be lame, unfit to compete, or a female in season shall not be allowed to enter and entry fees shall be refunded.
- 4 Dogs will be inspected before each and every Event.
- 5 Run order will be based on order set by the field committee. We will separate the running of multiple dogs handled by a single handler. If a dog is late for their run time they will run at the end of the running order.
- 6 Dogs may wear any collar except a choker collar, a collar with prongs or an electronic training collar. The collar should be snug to minimize the chances of getting hung up on something during the run. Owners should be aware that there is a chance that tags hanging from the collar could become entangled on something during the run. Owners may use clips or rubber bands to hold the dog's hair. The owner assumes responsibility for the safety of the dog with regard to the dog's collar and paraphernalia on the dog.
- 7 Gas / Electric continuous loop machines will be used. Lure will consist of white plastic bags or plastic strips.
- 8 The field committee reserves the right to alter the course plan as required by weather and / or field conditions on the day of the trial.
- 9 The event / field committee reserves the right to bar known aggressive dogs from the event site.
- 10 The Field Chairman may levy and collect a penalty fee of \$5.00 from the owner or his duly authorized agent of any that is loose on the field and not in

- 11 No one will be allowed on the field without the express permission of the field chairman, except the appointed field committee.
- 12 Anybody exhibiting unsportsmanlike behavior will be excused from the field and may be subject to further disciplinary action.
- 13 Control of dogs strictly enforced, on leash at all times except when running.
- 14 Clean up and carry out all trash.
- 15 Please pick up after your dog and put in receptacles provided at site.
